This Additional Information Booklet ("**Booklet**") provides important additional information about topics specified under the prescribed sections of the Product Disclosure Statement ("**PDS**") for the Fund.

The information in this Booklet forms part of the PDS. The PDS is available at www.airlieaustraliansharefund.com.au or you can call us and we will send you a paper copy free of charge.

The information in the PDS and in this Booklet is general information only and does not take into account your personal financial situation or needs. Before making an investment decision based on this PDS, you should consult a licensed financial adviser to obtain financial advice that is tailored to suit your personal circumstances.

Please visit our website for further information on the Fund including unit prices and performance. We recommend that you obtain and review such information before you invest. Alternatively, you can call us and we will send you a paper copy of such information free of charge.

1. About Magellan Asset Management Limited

There is no additional information regarding the Magellan Asset Management Limited (the “Responsible Entity”, “we”, “our” or “us”), or Airlie Funds Management Pty Limited (“Airlie” or “Investment Manager”).

2. How the Fund works

Units and unit prices

The unit price is calculated by dividing the net asset value (“NAV”) by the number of units on issue. The unit price fluctuates each day as the market value of the Fund’s assets rises or falls. The NAV unit price applicable to a given Business Day reflects the value of the net assets at close of business in each market in which the Fund invests. The NAV unit price is usually calculated by the end of the Business Day following the day to which it is applicable, and is usually published on our website by 7.00pm (Sydney time) on that day.

When you invest in the Fund, we will calculate the units you receive using an entry unit price. The entry unit price is the NAV unit price for that day plus an allowance for transaction costs incurred by the Fund. When you withdraw your investment in the Fund, the value of your units will be calculated using an exit unit price. The exit unit price is the NAV unit price less an allowance for transaction costs. Further information about transaction costs can be found in Section 6 of the PDS.

The Responsible Entity’s Unit Pricing Permitted Discretions Policy provides further information about how we calculate unit prices. You can request a copy of the policy free of charge by calling us.

Completing the Application Form

The Application Form is available from www.airlieaustraliansharefund.com.au.

The Application Form includes details of the identification documentation that we are required by law to collect from you before we can issue units in the Fund to you.

Please mail the completed original of the Application Form, together with certified copies of the requested identification documentation, to our Unit Registry Office. The Unit Registry Office’s postal address details appear on the front of this Booklet and on the Application Form.

Please note that legislative requirements mean that we may not be able to accept an Application Form for an initial investment by fax or email. However, we may accept applications by other electronic means.

Additional investments

You can make an additional investment at any time by completing the Additional Application Form. You can also fax, email or write to our Unit Registry Office indicating:

- your account name
- your account/investor number
- the name of the Fund into which you are making an additional investment
- the amount of additional monies you are investing
- the method of payment.

Payment of your application monies

Regular monthly investment plan

Participating in a regular monthly investment plan enables you to invest regular additional amounts into the Fund. The minimum ongoing monthly contribution is \$200.

To participate in a regular monthly investment plan, please complete the relevant section of the Application Form, which includes an authority to directly debit the contributions from your nominated bank account. Direct debits will be processed on the first Business Day following the 19th of each month.

Withdrawals

We will accept withdrawal requests via fax, email or mail. Instructions to withdraw should be signed by the nominated authorised signatory or signatories. Under some circumstances, we may need to contact you to request further documentation to confirm the validity of your instruction. This may delay processing of the withdrawal request.

We can only pay redemption proceeds to an Australian or New Zealand bank account held in the name of the investor. We are unable to pay redemption proceeds to a third party bank account. Normally we will pay redemption proceeds to the bank account you nominated on your Application Form when you opened your investment in the Fund, or if you have subsequently written to us to change your nominated account, we will pay proceeds to that account. For redemption proceeds paid to New Zealand bank accounts, the conversion of your Australian dollar proceeds to New Zealand dollars will be processed by the Fund's bank at the exchange rate prevailing at the processing time.

We will send you a confirmation of your redemption once it has been processed and paid.

Restrictions on withdrawals

No withdrawals or payment of withdrawal proceeds shall be permitted where the calculation of the Net Asset Value of the Fund or withdrawals are suspended. Withdrawals may be suspended for up to 28 days including where:

- a) it is impracticable for us, or we are unable, to calculate the Net Asset Value of the Fund, for example, because of financial market disruptions or closures;
- b) the payment of withdrawal proceeds involves realising a significant portion of the Fund's assets which would, in our opinion, result in remaining investors bearing a disproportionate amount of capital gains tax or expenses, or suffering any other disadvantage or diminution of the value of units held;
- c) we reasonably consider it would be in the interests of investors, or it is otherwise permitted by law; or
- d) where we receive withdrawal requests of an aggregate value that in our reasonable estimate exceeds 5% of the Fund's assets.

The withdrawal process, including the calculation of the exit unit price, applies only when the Fund is 'liquid' (within the meaning given to that term in the Corporations Act 2001). Where the Fund ceases to be liquid, units may only be withdrawn pursuant to a withdrawal offer made to all investors in the Fund in accordance with the Fund's constitution and the Corporations Act 2001. We are not obliged to make such offers.

Indirect investors

We authorise the use of this PDS as disclosure to persons who wish to access the Fund indirectly through an Investor Directed Portfolio Service ("IDPS"), IDPS-like scheme or a nominee or custody service (collectively referred to as "master trusts" or "wrap accounts").

If you are investing in the Fund through a master trust or wrap account you do not yourself become an investor in the Fund. Instead, as the master trust or wrap account operator is investing on your behalf, it acquires the rights of investors. In most cases, references to 'you' or 'your' in the PDS (for example, receiving distribution income, reinvestment distribution income and redemptions) is a reference to the master trust or wrap account operator and accordingly their arrangements with you will set out your rights. We do not keep personal information about indirect investors.

Further, some provisions of the Fund's constitution will not be relevant to you. For example, you will generally not be able to attend meetings, or withdraw investments directly. You will receive reports from the master trust or wrap account operator, not us. The master trust or wrap account operator can exercise (or decline to exercise) those rights in accordance with the arrangements governing the operation of the master trust or wrap account.

Enquiries about the Fund should be directed to your licensed financial adviser, master trust or wrap account operator.

3. Benefits of investing in the Fund

There is no additional information for this section.

4. Risks of managed investment schemes

There is no additional information for this section.

5. How we invest your money

Borrowing restrictions

The Fund may borrow against all or part of its investment portfolio, provided that, at the time any new borrowing is entered into, the aggregate of those new borrowings and any pre-existing borrowings do not exceed 5% of the Fund's gross asset value.

Changes to the Fund

The Responsible Entity has the right to close or terminate the Fund and change the Fund's investment return objective, asset classes and asset allocation ranges and currency strategy (if any), without prior notice in some cases. The Responsible Entity will inform investors of any material changes to the Fund's details in our next regular communication or as otherwise required by law.

Labour standards and environmental, social or ethical considerations

The Responsible Entity and Airlie believe that issues relating to labour standards, and to environmental, social and ethical considerations have the potential to affect the business outcomes of the Fund's investment companies. Accordingly, Airlie, in its role as investment manager of the Fund, considers labour standards, and environmental, social and ethical considerations as part of the risk assessment that is completed when it determines the investment grade status of a company.

6. Fees and costs

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

For more information about management costs, see 'Management costs' under the heading 'Additional Explanation of Fees and Costs'.

Additional Explanation of Fees and Costs

Management costs

The Fund pays a management and administration fee to the Responsible Entity for operating the Fund and to cover normal fund expenses.

A management fee is payable to the Responsible Entity for managing the assets of the Fund and overseeing the operations of the Fund. The Investment Manager is a wholly owned subsidiary of the Responsible Entity.

An administration fee is paid to the Responsible Entity which it uses to help cover all ordinary fees, costs, charges, expenses and outgoings that are incurred in connection with the Fund (such as administration and accounting costs, registry fees, audit and tax fees, and investor reporting expenses). Management and administration fees are calculated each day based on the NAV (before fees) of the Fund. Estimated fees are reflected in the daily unit price and are payable at the end of each month.

Under the Fund's constitution, the Responsible Entity is entitled to receive maximum management and administration fees of 1.00% per annum (exclusive of GST). The management and administration fees stated in the PDS are inclusive of the estimated net effect of GST (i.e. inclusive of GST, less any reduced input tax credits). To the extent the GST impact changes, the actual management and administration fees may vary from the rates stated above.

Where the Fund incurs extraordinary expenses and outgoings that are not covered by the 0.10% administration fee, the Responsible Entity may pay for these from the Fund's assets. We may pay extraordinary expenses and outgoings from the Fund's assets because, under the constitution of the Fund, in addition to the management and administration fee, the Responsible Entity is entitled to be indemnified from the assets of the Fund for any liability properly incurred by us in performing properly any of our duties or exercising any of our powers in relation to the Fund or attempting to do so.

Total transactional and operational costs

Transactional and operational costs such as brokerage and transactional taxes are incurred by the Fund when the Fund acquires and disposes of securities. The Fund does not have historical transactional and operational costs. An estimate of net transactional and operational costs in respect of the Fund's first full financial year is provided in the table below. These costs are estimated prospective costs based on the anticipated portfolio holdings and portfolio turnover of the Fund.

Total transactional and operational costs (% p.a.)	Recovery through buy/sell spread (% p.a.)	Net transactional and operational costs (% p.a.)	For every \$50,000 you have in the Fund you will likely incur approximately:
0.20%	0.14%	0.06%	\$30

The amount of these costs will vary from year to year depending on the volume and value of the trading activity in the Fund, and the value of applications and withdrawals processed. Where the transactional and operational costs are not fully recovered from investors from the buy / sell spread, the difference will be borne by the Fund out of the Fund's assets without recovery from individual investors and is reflected in the unit price.

Transactional and operational costs are paid out of the assets of the Fund and are not paid to the Responsible Entity.

Fees for indirect investors

For investors accessing the Fund through an Investor Directed Portfolio Service ("IDPS"), IDPS-like scheme or a nominee or custody service (collectively referred to as "master trusts" or "wrap accounts"), additional fees and costs may apply. These fees and costs are stated in the offer document provided by your master trust or wrap account operator. These are not fees paid to the Responsible Entity.

Payments to platforms

Some master trusts, wrap accounts or other investment administration services ("Platforms") charge product access payments fees (as a flat dollar amount each year) for having the Fund included on their investment menus. We may, therefore, pay amounts from the fees we receive to any Platform through which the Fund is made available. As these amounts are paid by us out of our own resources, they are not an additional cost to you.

Financial adviser fees

Your licensed financial adviser may also charge you fees for the services they provide. These should be set out in the Statement of Advice given to you by your adviser. The Responsible Entity pays no commissions related to your investments to financial advisers.

Differential fees

A rebate of part of the management and administration fees or lower management and administration fees may be negotiated with investors who are wholesale clients for the purposes of the Corporations Act 2001. Further information can be obtained by contacting us.

7. How managed investment schemes are taxed

Investing in the Fund is likely to have tax consequences. Before investing in the Fund, investors are strongly recommended to seek their own professional tax advice about the applicable Australian tax consequences and, if appropriate, foreign tax consequences that may apply to them based on their particular circumstances.

The taxation information contained in this Booklet reflects the Australian income tax legislation in force, and the interpretation of the Australian Taxation Office ("ATO") and the courts, as at the date of issue of this Booklet. Taxation laws are subject to continual change and there are reviews in progress that may impact the taxation of trusts and investors.

AMIT Regime

Legislation to establish a new tax system for managed investment trusts ("MITs") was enacted in May 2016. Eligible MITs can elect to become an Attribution Managed Investment Trust ("AMIT") however this is irrevocable when elected.

The Fund intends to elect to become an AMIT. Accordingly, investors will be subject to tax on the income of the Fund that is attributed to them under the AMIT rules each year ending 30 June. If there is income of the Fund that is not attributed to an investor, the Fund will be subject to tax at the highest marginal rate (plus Medicare levy) on that non-attributed income. The AMIT rules will also allow the Fund to reinvest part or all of your distribution and/or accumulate part or all of the Fund's income in the Fund, in which case the income of the Fund that is attributed to you (and which must be included in your income tax return) will be more than the total distribution you receive.

Investors will be assessed for tax on their share of the net income and net capital gains generated by the Fund that is attributed to them under the AMIT rules. Once elected under the AMIT regime, investors will receive a tax statement after the end of each financial year (referred to as an AMIT Member Annual Statement) that will provide them with details of the amounts that have been attributed to them by the Fund to assist them in the preparation of their tax return.

If the Fund were to incur a tax loss for a year then the Fund could not attribute that loss to investors. However, subject to the Fund meeting certain conditions, the Fund may be able to recoup such a loss against taxable income of the Fund in subsequent income years.

Depending on an investor's particular circumstances, they may also be liable to pay capital gains tax (or income tax if they hold their Units on revenue account) when they withdraw units.

Notification in relation to the AMIT status of the Fund will be made available on our website by the end of each financial year.

Taxation of non-resident investors

If a non-resident investor is entitled to taxable income of the Fund, the investor may be subject to Australian tax at the rates applicable to non-residents. If you are a non-resident, you may be entitled to a credit for Australian income tax paid by the Responsible Entity in respect of your tax liability.

Taxation reforms

Reforms to the taxation of funds are generally ongoing. Investors should seek their own advice and monitor the progress of announcements and proposed legislative changes on the potential impact to their investment.

Quoting your Tax File Number (“TFN”) or an Australian Business Number (“ABN”)

It is not compulsory for investors to quote their TFN, ABN, or exemption details. However, should an investor choose not to, the Responsible Entity is required to deduct tax from an investor’s distributions at the maximum personal rate (plus the Medicare levy). Collection of TFNs is permitted by taxation and privacy legislation.

GST

Your investment in the Fund will not be subject to goods and services tax.

Foreign Account Tax Compliance Act

Under the Foreign Account Tax Compliance Act (“FATCA”), the Responsible Entity is deemed to be a “foreign financial institution” and is required to collect and report information about certain investors identified as U.S. tax residents or citizens. In order to comply with its FATCA obligations, we may request investors to provide certain information (“FATCA Information”).

To the extent that all FATCA Information is obtained, the imposition of US withholding tax on payments of US income, or gross proceeds from the sale of particular US securities shall not apply. Although we will attempt to take all reasonable steps to comply with its FATCA obligations and to avoid the imposition of this withholding tax, this outcome is not guaranteed.

Under the terms of the intergovernmental agreement between the US and Australian governments, we may provide FATCA Information to the ATO. We may use your personal information in order to comply with FATCA, and may contact an investor if additional information is required.

Common Reporting Standard

The Common Reporting Standard (“CRS”) is a new standard for the automatic exchange of financial account information for tax purposes. The CRS requires the Responsible Entity to collect certain information about an investor’s tax residence. If an investor is a tax resident of any country outside Australia, we may be required to pass certain information about the investor (including account-related information) to the ATO. The ATO may then exchange this information with the tax authorities of another jurisdiction or jurisdictions pursuant to intergovernmental agreements to exchange financial account information.

Although CRS does not involve any withholding tax obligations, please be aware that we may use your personal information in order to comply with the CRS, and may contact an investor if additional information is required.

Change of details

From time to time, you may need to advise us of changes relating to your investment. You may advise us by fax, email or mail of changes relating to:

- your mailing address;
- your licensed financial adviser, if you have nominated one;
- your election to receive distributions as cash or to reinvest them; or
- your regular investment, if you participate in a regular monthly investment plan.

If you need to advise us of changes relating to your nominated bank account (to which we will pay the proceeds of withdrawals and distributions, if you have elected to receive these as cash), we require you to instruct us via mail. Please note that to enable us to verify that the account is in the name of the investor, you will need to include a copy of a bank statement for the new account with your notification showing the name in which the account is held and the bank account number. The Responsible Entity may also request a certified copy of the bank statement.

We require original copies of standard transfer forms to be mailed to us (used if you wish to transfer your units from one account to a different account). We are unable to process transfer forms that are faxed, emailed or photocopied.

Constitution

The operation of the Fund is governed under the Law and the constitution of the Fund which addresses matters such as unit pricing and withdrawals and applications; the issue and transfer of units; investor meetings; investors' rights; our powers to invest, borrow and generally manage the Fund and our fee entitlement and right to be indemnified from the Fund's assets. The Constitution states that your liability is limited to the amount you paid for your units, but the courts are yet to determine the effectiveness of provisions of this kind. The Responsible Entity may alter the Fund's Constitution if it reasonably considers that the amendments will not adversely affect investors' rights. Otherwise, the Responsible Entity must obtain investors' approval at a meeting of investors. The Responsible Entity may retire or be required to retire as responsible entity (if investors vote for our removal). No units may be issued after the 80th anniversary of the date of the Constitution. The Responsible Entity may exercise its right to terminate the Fund earlier. Your rights to requisition, attend and vote at meetings are mainly contained in the Corporations Act.

You can inspect a copy of the Fund's Constitution at the Responsible Entity's head office or a copy will be provided to you free of charge.

Classes of Units in a Fund

Additional unit classes in the Fund may be issued by the Responsible Entity in the future with the same or different terms to any existing unit classes of that Fund.

Custodian

The Northern Trust Company (acting through its Australian branch) (**'Northern Trust'**) has been appointed to hold the assets of the Fund under a Master Custody Agreement. As Custodian, Northern Trust will safe-keep the assets of the Fund, collect the income of the Fund's assets and act on our directions to settle the Fund's trades. Northern Trust does not make investment decisions in respect of the Fund's assets that it holds.

Consents

The following parties have given written consent (which has not been withdrawn at the date of this PDS) to being named in this PDS and to the inclusion of statements made by or about them in the form and context in which they are named and those statements appear, in this PDS:

- Airlie;
- Link Fund Solutions; and
- The Northern Trust Company.

Each party named above who has consented to be named in the PDS:

- has not authorised or caused the issue of this PDS;
- does not make or purport to make any statement in the PDS (or any statement on which a statement in the PDS is based) other than as specified; and

to the maximum extent permitted by law, takes no responsibility for any part of the PDS other than the reference to their name in a statement included in the PDS with their consent as specified.

Anti-money laundering and counter terrorism financing (AML/CTF)

Australia's AML/CTF laws require us to adopt and maintain an AML/CTF Program. A fundamental part of the AML/CTF Program is that we know certain information about investors in the Fund. To meet this legal requirement, we need to collect certain identification information and documentation ("**KYC Documents**") from you if you are a new investor. We may also ask an existing investor to provide KYC Documents as part of a re-identification process to comply with the AML/CTF laws. Processing of applications or redemptions will be delayed or refused if you do not provide the KYC Documents when requested.

Under the AML/CTF laws, we may be required to submit reports to the Australian Transaction Reports and Analysis Centre ("**AUSTRAC**"). This may include the disclosure of your personal information. We may not be able to tell you when this occurs and, as a result, AUSTRAC may require us to deny you (on a temporary or permanent basis) access to your investment.

This could result in loss of the capital invested, or you may experience significant delays when you wish to transact on your investment. We are not liable for any loss you may suffer because of compliance with the AML/CTF laws.

Your privacy

The Responsible Entity will collect, hold, use, disclose and protect personal information in accordance with our Privacy Policy. A copy of our Privacy Policy is available on our website. You should contact us if you have any questions about our practices relating to the handling of personal information.

Your personal information is disclosed, collected and used by Link Fund Solutions, who we have engaged as the Fund's third party investment administrator to support the administration of the Fund. We have contractual arrangements with Link Fund Solutions to ensure that they comply with privacy laws when dealing with your personal information. A copy of Link Fund Solutions' Privacy Policy can be accessed through their website at www.linkfundsolutions.com.

We may use your personal information to market products and services to you; and to improve customer service by providing your personal information to other external service providers (including companies conducting market research).

We also use your personal information to comply with AML/CTF laws, Australian taxation laws and all other applicable laws; and disclose personal information to various law enforcement agencies, regulatory authorities and governments around the world, including the ATO and the AUSTRAC.

Under FATCA and the CRS, we are required to ask about your tax residency status under taxation information sharing agreements between Australia and other countries.

Additional information for New Zealand investors

Warning Statement to New Zealand Investors

This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.

This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.

There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.

The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.

Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint.

The taxation treatment of Australian financial products is not the same as for New Zealand financial products.

If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.

If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

The dispute resolution process described in this offer document is only available in Australia and is not available in New Zealand.
